

BRAINERD DAILY DISPATCH.

VOLUME 5, NO. 137.

BRAINERD, MINN., SATURDAY, NOVEMBER 11, 1905.

PRICE TWO CENTS

ON EVE OF REVOLT

RAPIDLY GROWING NATIONALIST
MOVEMENT MAY PROVOKE
WAR IN POLAND.

GLY RUMORS CIRCULATE

IT. PETERSBURG AND MOSCOW
FEAR VIOLENCE FROM THE
LOWER CLASSES.

St. Petersburg, Nov. 11.—Except in the kingdom of Poland, where the rapidly growing nationalist movement and the state of tension among the proletariat will soon bring about the declaration of a state of war, Russia seems or the time being at least to be generally tranquil. Telegrams from interior points report the restoration of order in nearly all cities and towns, but in many cities, notably St. Petersburg and Moscow, the better classes of the population are greatly disturbed by the rumors of approaching attacks by the "black hundred," composed of the most ignorant types of the populace. The apprehension in St. Petersburg has become so great that the prefect of police who succeeded General Trepoff in command of the city police, has instructed his subordinates to take the fullest measures to crush any disorder in its incipency so as to disabuse the minds of the "loyalists" of the idea that the police would remain inactive. In such an emergency the strong hand of General Trepoff is being missed, even by the actions which most execrated him.

COUNT WITTE'S MINISTRY.

Democrats Claim the Cabinet Will
Soon Fall.

St. Petersburg, Nov. 11.—Count Witte's ministry, as thus far announced, is a practical acknowledgment that he has abandoned hope of securing the active co-operation of the Constitutional Democrats or other parties of the Center. Four of the ministers chosen were assistants of Count Witte when he was minister of finance. The only minister who is not a bureaucrat is M. Nemechaleff, who succeeds Prince Hilkoif as minister of communications. The Constitutional Democrats consider that they have won a great victory in preventing any leaders of the constitutional group from accepting office, saying that Count Witte's ministry is thus stamped as purely temporary and which must give way immediately on the convening of the national assembly to a cabinet in full sympathy with the parliamentary majority. The count is greatly disappointed at the refusal of the constitutionalists to support him since it forces him to fight on two fronts, with the reactionaries on his right and the Social Democrats and Revolutionaries clamoring for a republic on his left.

MUTINY ON RUSSIAN STEAMER.

Passengers Robbed and Some of Them
Thrown Overboard.

London, Nov. 11.—The correspondent of the Daily Mail at Bucharest says that the sailors of the Russian steamer Smalia, bound out from Odessa, Oct. 10, with refugees, mutinied at sea and threatened the passengers with death unless they gave them money and jewelry, and those unable to do so were thrown overboard.

Alarming Rumors Current.

Moscow, Nov. 11.—Alarming rumors are in circulation that anti-Jewish outbreaks will occur simultaneously here and at St. Petersburg Sunday next. Foreigners and Jews have received threatening letters and have asked the authorities for protection, but thus far no step has been taken toward granting the request.

Poland Demands Full Autonomy.

Warsaw, Nov. 11.—Representatives of all political parties in Poland, at a meeting in the palace, decided to send twenty leading citizens to St. Petersburg to request the emperor to grant Russian Poland full autonomy and its own parliament.

Assuming Grave Aspect.

Rodom, Russia, Nov. 11.—The agrarian disorders are assuming a grave aspect. The peasants are engaged in pillage, especially looting the spirit shops and the state institutions. The city proper has been quiet up to the present.

All Universities Closed.

St. Petersburg, Nov. 11.—The universities and high schools throughout Russia have been closed indefinitely by order of the minister of education.

Martial Law at Cronstadt.

St. Petersburg, Nov. 11.—Martial law has been declared at Cronstadt. Vice Admiral Birelieff, minister of marine, was left for Cronstadt.

Military Will Rule Poland.

St. Petersburg, Nov. 11.—It is announced that martial law will be declared throughout Poland.

Germans Defeat Insurgents.

Berlin, Nov. 11.—Count Adolf von Joetzen, governor of German East Africa, reports by way of Cape Town that the insurgents have been beaten in five fights near Songea and that 4,000 Wagoni tribesmen were defeated Oct. 21. The German troops had no casualties, but the insurgents suffered heavy losses.

BLOODY KENTUCKY TRAGEDY.

Three Men Killed and Three Others
Wounded.

Naugatuck, W. Va., Nov. 11.—A cheer for Jeff Davis uttered by a drunken man on Beaver creek, on the Kentucky side of the river, resulted in a bloody tragedy in which three men were killed and three others were wounded. There had been much drinking after the election on Tuesday. Con Estep, an old Confederate soldier, was among the men who had become intoxicated. When he yelled "Hurrah for Jeff Davis," C. Prater, a young man in the crowd, told Estep to "shut up or he would kill him." Enoch Bentley, another member of the crowd, told Estep to "hurrah for anyone he pleased." Prater turned upon Bentley and emptied his pistol at short range, all five shots taking effect. After he had fallen Bentley shot and killed Prater. Rube Morgan, a friend of Prater's, who had shot Bentley after the latter had fallen, fired on Tom and John Bowling, friends of Estep, and then fled, but he was shot and mortally wounded by the Bowlings. Bentley died soon after the shooting and Morgan died two hours later. During the fight John Sadler, belonging to the Prater gang, was dangerously wounded. The Bowlings were both hit, but not fatally hurt. An election bet had caused hard feelings between Estep and Prater. The excitement over the tragedy is intense and another clash of the factions is expected.

FIVE YEARS IN PRISON.

New York Painter Confesses to Theft
of Valuable Gems.

New York, Nov. 11.—Confession to the robbery of \$100,000 worth of gems from fashionable New York homes in the last two years was made during the day by Harold Prescott, a painter. His profit on pawning the jewelry, Prescott said, was but little over \$5,000. Almost by accident the painter was arrested in connection with a recent small robbery and the police were ignorant of the value of his arrest until his arraignment. Prescott said his thefts could not be concealed much longer and confessed. Immediate search was made of pawnshops he named and the police say they have recovered \$20,000 worth of the stolen gems already. Prescott obtained entrance to the houses he robbed by securing employment in them as a painter. Prescott was later sentenced to five years in Sing Sing.

Fight Declared a Draw.

Los Angeles, Cal., Nov. 11.—The twenty-round fight between Eddie Hanlon and Aurelia Herrera was declared a draw.

H. F. MICHAEL CO'S Daily Store News

New Fob Ribbons—The Very Latest

Plain Gros grain and fancy Persian bands as well as some handsome dots and fancies. These sell at from 20c to 50c the yard. Some of these make up prettily in sets; that is, a fob collar and belt.

And the New Belts—Have you seen them?

We mentioned them a few days ago, but they will bear another mentioning. They represent every new style produced recently and are at our ever reasonable prices. See the immense line displayed on our center tables.

Then our Hosiery—Do you wear it?

There is a satisfaction about the hosiery purchased at our counters that is most pleasing. Then there is a guarantee that makes it more valuable. If you purchase hosiery of us that does not give service we will make it satisfactory. Quite enough isn't it?

The Underwear too—it cannot be excelled.

There is the "Munsing" the "Setsnug" the "Oneita" and a number of other well known kinds as well as those which you would not recognize by name, but an acquaintance will make them favorites. Sterling qualities every one.

Come out tonight for all the above and other things.

GRAND JURY AT WORK

DRAWS UP TEN INDICTMENTS
FOR VIOLATION OF THE
SUFFRAGE LAW.

SEARCHING INVESTIGATION

NEW YORK ATTORNEY GENERAL
AND ELECTION SUPERIN-
TENDENT BUSY.

New York, Nov. 11.—Ten indictments for violation of the election law and two for assaults committed at the polls at the election last Tuesday were during the day drawn up by the grand jury.

It was said that Attorney General Mayer and State Superintendent of Elections Morgan had instituted a searching investigation of the alleged election frauds, which would be continued until the legislature meets. The attorney general and Mr. Morgan examined a number of witnesses in connection with the frauds and also conferred with Henry E. Yonge, special counsel for Mr. Hearst, and discussed plans to prosecute persons against whom charges may be brought.

LEGISLATURE VERY CLOSE.

Returns Indicate Complete Democratic
Victory in Ohio.

Columbus, O., Nov. 11.—Complete returns on the state ticket except for governor are still unavailable, with the result that both the Republicans and Democrats continue to claim the election of all minor state officers. Official returns received from eighteen counties show that Harris, the Republican candidate for lieutenant governor, has an average lead in each county of 740 over Herrick for governor. If this ratio should be maintained in the remainder of the eighty-eight counties in the state, which is considered doubtful, Harris would have a lead of 66,000 over Herrick in the state.

This would insure the election not only of Harris for lieutenant governor, but all the remainder of the Republican state ticket, as Harris apparently received the lowest vote next to Herrick.

The Republicans claim the lower branch of the legislature by 62 to 59 and the Democrats claim it by 62 to 59.

BURTON AGAIN INDICTED.

Kansas Senator Faces Another Trial
in Federal Court.

St. Louis, Nov. 11.—The federal grand jury convened during the day and returned an indictment against United States Senator Burton of Kansas. It is stated that certain features in the former indictment against Senator Burton, which was quashed, were remedied in this new indictment. The allegations in the present in-

dictionment are the same as in the one quashed.

"That while a senator of the United States he accepted money from the Rialto Grain and Securities company of St. Louis for services rendered before the postoffice department in behalf of that company, which was being investigated by inspectors."

This indictment is the third found against Senator Burton and should a demurrer be sustained it will be impossible to ever reindict him for this alleged offense in connection with the Rialto company owing to the statute of limitations.

Senator Burton was in court when the charge to the jury was delivered by Judge Vandeventer. He was accompanied by his attorney, F. W. Lehmann. His case, however, was not mentioned in the instructions to the jury.

IOWA MINERS IDLE.

Six Hundred on Strike in Oskaloosa
District.

Des Moines, Nov. 11.—More than 600 miners are idle in the Hocking coal district near Oskaloosa and not a bushel of coal is being mined where the output was nearly 2,000 tons per day. Trouble arose over operators' charges for hauling miners to and from the mines over the Iowa Central railway. The miners objected to the charges.

Liberals Make Clean Sweep.

Ottawa, Ont., Nov. 11.—The latest returns from the province of Alberta show that the Liberals made a clean sweep. Premier Rutherford and all his colleagues have been elected, while the opposition leader has been defeated and only four of his followers returned. The figures show twenty-one Liberals and four Conservatives.

The Dode-Fiske orchestra will be here at that time and will give a concert and play for the dance afterward. The event is under the auspices of Hope Hose company No. 2.
Camp No. 2337, Modern Woodman, initiated a class last night and the drill and degree team exemplified the work in an excellent manner. During the social hour the Woodman quartet gave several selections, and the man from St. Paul, C. W. Berryman, of Ramsey camp, caused as much amusement as the "Man from Mexico."
H. C. McNair, of the supply department of the Northern Pacific, and Frank Curran, of the Eastern Steel company, arrived in the city yesterday afternoon and are spending the day at Gull lake. Mr. McNair prides himself upon being a duck shot of some note and it is anticipated that they will come back with good bags of ducks.
The report published in THE DISPATCH last night that there would be no lights in the resident districts was at the request of Superintendent Peterson, who had been informed of the complete breakdown of the pulley. A personal examination, however, showed that it was possible to repair the pulley for temporary use until a new pulley could be obtained, which was done, and the lights were on as usual. If the temporary repairs hold until the new pulley arrives it will not be necessary to shut off the lights at all.

WAR MINISTER QUILTS

RESIGNATION FOLLOWS ANGRY DEBATE IN FRENCH CHAMBER OF DEPUTIES.

CABINET IS BADLY SHAKEN

FUTURE OF PREMIER ROUVIER'S ADVISERS REMAINS TO BE DECIDED UPON.

Paris, Nov. 11.—The Rouvier ministry met with its first check during the day when M. Bertheaux, minister of war, peremptorily withdrew from the ministerial benches during an angry debate in the chamber of deputies and thereafter announced his resignation. For a time the entire cabinet hung in the balance and Premier Rouvier announced the readiness of himself and his colleagues to give up power unless they were supported by a substantial majority. After a debate of exceptional violence a motion favorable to the ministry prevailed by a vote of 310 to 147. However, the ministerial majority is made up of fractions of divergent groups and the future of the cabinet remains in doubt.
After the session the premier went to the Elysee palace and requested President Loubet to call a special cabinet meeting at which M. Bertheaux's successor will be decided upon and at which also it is possible further rearrangement of the cabinet will be considered.
MARQUIS ITO AT SEOUL.
Japanese Statesman Visiting the Capital of Korea.
Seoul, Nov. 11.—The arrival of Marquis Ito marks one of the most important events in the history of Korea. During his visit the Hermit kingdom, once an independent state, will probably become a Japanese protectorate. Marquis Ito, after investigating conditions here and forming his policy, will present the programme of Japan. It is said that Marquis Ito hopes that the confidence displayed in him by the emperor of Japan will have its effect on the emperor of Korea and induce a graceful submission to the inevitable loss of Korea's independence.
Upon his arrival here Marquis Ito was received with imperial honors. In the emperor's state coach he was driven through the troop-lined streets surrounded by Japanese and Korean cavalry. Lantern bearers followed with chairs and rickshaws carrying his distinguished suite. He was lodged at the imperial palace as a guest.

Cumberland, Md., Nov. 11.—T. Buckeye Taylor, aged seventy-one, a former editor of the Cumberland Evening Times and foreman of the Congressional Globe and later of the National Republican, Washington, during the days of Lincoln, died during the evening. He established a paper at Fairfield, Ia., which was destroyed by a mob when the Civil war began.

SHORTAGE OF SOFT COAL.

Prices Rapidly Rising on the Chicago Market.
Chicago, Nov. 11.—The most severe shortage of bituminous coal experienced in Chicago in many years exists at the present time, according to prominent dealers, and they assert that there is no immediate prospect of an improvement. Inability the railroads to furnish cars for the transportation of the coal is given as the chief cause of the shortage. During the last month the price of soft coal has risen in price 75 cents per ton.
Dividend of Fifty Per Cent.
Lorain, O., Nov. 11.—It has been announced that a dividend of 50 per cent will be paid creditor's of the defunct Citizens' Savings bank of this city. The probate court has ordered the payment of the dividend and it is expected all the claims against the bank will be paid in eighteen months.

SANGUINE OVER CONDITIONS

They Believe That There is a Great Future for the Cuyuna Iron Range

D. H. Freeman, of St. Cloud, is in the city today and while he has other business interests here he also is looking after some of his interests in the iron ore industry. He has, with a large number of other St. Cloud men, bought up considerable land in Crow Wing county and he believes that the conditions are most favorable at the present time.

* There is a sort of lull in iron ore gossip in this vicinity at the present time but this is accounted for from the fact that those who have holdings in the vicinity of Brainerd are holding off until further developments are made in localities where the drilling has been going on extensively, the Rabbitt lake country for instance. The St. Cloud men are very sanguine over the conditions and expect great things from the Cuyuna range.

HELD IN HEAVY BONDS.

Colorado Banker Waives Hearing on Seven Counts.

Alamosa, Colo., Nov. 11.—Abraham Schiffer, one of the owners of the Bank of Alamosa which suspended business recently and who was arrested in New York, was arraigned here during the day. He waived preliminary examination and was held in bonds of \$70,000, being \$10,000 each for seven counts of receiving deposits knowing his bank to be insolvent. Schiffer expects Eastern friends to supply the bond and in the meantime will remain in the custody of the sheriff.

LORD MAYOR'S BANQUET.

Premier Balfour Optimistic Regarding World's Peace.

London, Nov. 10.—"A century ago Pitt, standing where I now stand, prophesied war. Today I prophesy peace." This was the text on which Premier Balfour based his speech concerning the relations of Great Britain with foreign countries at the lord mayor's banquet in the Guildhall, an occasion when custom makes it almost imperative for either the premier or the foreign secretary to discuss the foreign and domestic policies of the government. Mr. Balfour and Whitelaw Reid, the American ambassador, who replied to the toast of "Their Excellencies, the Foreign Ministers," proposed by the lord mayor, vied with each other in pleasant words for the credit of their respective countries as leaders among the advocates of arbitration of quarrels throughout the civilized world. In fact, the whole tenor of the speeches was optimistic so far as the relations between all the great powers were concerned.

MUSIC AND DRAMA.

"DOWN BY THE SEA."

"Down by the Sea" is the title of the next attraction that is underlined at the Brainerd opera house for an engagement of one night. This play has been on the road for several seasons, and has met with the endorsement of the press, and public wherever presented.

"Down by the Sea" is a story that is filled with heart interest from beginning to end, and is interwoven with bright comedy, and is so constructed as to afford many opportunities for strong melodramatic climaxes. The play is nautical in character, the scenes being laid on the New England coast, which affords excellent opportunity for the display of scenery, with which this attraction has a good supply. The management this year has been precautions in selecting the cast, care being taken to engage only those who seemed to be best fitted for the characters they were to impersonate.

"THE TENDERFOOT"

That breezy western operatic comedy, "The Tenderfoot" will be a strong attraction at the Brainerd opera house soon. The stars of the performance are Oscar L. Figman and Ruth White, two players who have become particularly well known through their work as the stars of "The Burgomaster" and other musical productions. Mr. Figman, in the character of the gentle philosopher, Professor Pettibone, is said to be a delight, his keen sense of humor and talent for making audiences laugh standing him in good stead with this picturesque. Miss White's fine soprano voice is heard to the best advantage in the role of Marion. The music of "The Tenderfoot" is peculiarly bright and swinging. The cast is a notable one, and the company extremely large, numbering nearly seventy people.

MISS MILDRED HOLLAND

Mildred Holland in her latest success, "The Triumph of an Empress" will be an attraction at the Brainerd opera house this season.

The character of Catherine the Great is one upon which historians differ. Miss Holland shows the human side of this remarkable woman. She portrays her as the girl, the wife, and the mother, rather than the Empress. Only in the great fourth act, and at the conclusion of the fifth act is she the empress—regal, unapproachable and daring.

John Harding, who for some time was a clerk at the old Arlington hotel under Trent & Kappler, and who later worked at the National, has returned to the city and has accepted a position at the National again as head clerk. Mr. Harding is one of the best hotel men in the northern part of the state, having left here to manage the Willard hotel at Aitkin, where he stayed until a few months ago when he went to Staples to manage the Fletcher hotel. That hotel was closed recently on account of the failing health of Mr. Fletcher. Mr. Harding was recently married to one of Aitkin's young society ladies and he and his wife have already arrived in the city and have taken up their abode at The National.

Edward Baxter Perry

Mr. Edward Baxter Perry, the very eminent blind concert pianist and lecturer, will give a lecture-recital at the First Congregational church on Monday evening, Nov. 13, under the auspices of the Ladies' Musical club. Mr. Perry is the originator and chief representative of the Pianoforte Lecture-Recital, of which he has given fifteen hundred in the United States in the past twelve years. His plan is to preface each composition with a brief talk, calling attention to its descriptive or emotional characteristics and the circumstances of its origin, thus rendering it doubly interesting because fully intelligible to all. He has appeared in all foreign lands, and the Berlin Times said of him: "Mr. Perry completely won his audience and met a deservedly warm reception, that grew more enthusiastic after each number, and ended in numerous recalls. He has added another to the limited list of American successes in Berlin."

FEDERAL JUDGE ADAMS ISSUES TEMPORARY INJUNCTION IN NEW YORK LIFE CASE.

HAS MERELY DONE HIS DUTY

MISSOURI INSURANCE COMMISSIONER DECLINES TO EXPRESS AN OPINION.

Jefferson City, Mo., Nov. 10.—Superintendent W. D. Vandiver of the state insurance department, when informed by the Associated Press that Judge Adams of the United States circuit court at St. Louis had issued a temporary injunction restraining him from enforcing his order suspending the license of the New York Life Insurance company to do business in this state, made the following statement: "I do not care to express an opinion at this stage of the proceedings. The question is now in the courts and the lawyers will fight it out. This matter of misuse of funds has been going on for a long time and I take the position that the capital stock of the New York Life has been impaired to some extent and that the continuance of the company to write new business is hazardous to the policyholders. I have done my duty in the matter."

BEFORE JUDGE ADAMS.

New York Life Gets Temporary Restraining Order.

St. Louis, Nov. 10.—The New York Life Insurance company, through its attorneys, F. N. Judson and former Attorney General Crow, late in the afternoon applied to United States Circuit Judge Adams for an injunction to restrain State Insurance Superintendent Vandiver from enforcing his order prohibiting the company from carrying on further business in Missouri. Judge Adams granted a temporary restraining order.

BIG FIELD FOR COTTON

England Will Investigate Southwest, Says Edward Atkinson.

MAY COLONIZE VAST DISTRICT

Boston Economist Suggests That Italian Peasants on Virgin Lands Could Add 6,000,000 Bales of Cotton and 300,000,000 Bushels of Wheat to the Present Annual Production of the United States.

The possibility that English cotton manufacturers may look to certain portions of the south and southwest for insurance of a steady supply of cotton is suggested in a recent issue of the Manufacturers' Record by Edward Atkinson of Boston, who has recently returned from England. He says that in conversation with his British friends he made the following statement:

"The present crop of maize of the United States is grown on 105,000 to 110,000 square miles. The present crop of wheat is grown on 65,000 to 70,000 square miles; the present crop of cotton upon less than 30,000 square miles. We may add 20,000 to 25,000 square miles for rice, tobacco, hops and such other minor products of the soil as enter into our exports, making a total area, say, of 230,000 square miles out of 3,000,000, omitting Alaska. On this small fraction even of our arable land the people of the United States are fully supplied with meat, dairy products, grain and cotton, with a large excess for export, mainly to Great Britain.

"Our kin beyond the sea are mainly dependent upon us for food and cotton. We may mainly depend upon them for a market for our surplus. Such being the fact, I hold that they must be recognized and that the attention of consumers in Great Britain should be turned to the development of these resources in co-operation with us.

"Two most important groups of investigators are now being organized to find out whether my statements, almost incredible to them, can possibly be sustained.

"Having thus measured the area of these special groups, I then affirmed that a section could be defined in northern Texas, Oklahoma, the Indian Territory, northern Louisiana and perhaps a patch of Arkansas, coupled with an area of the prairie rice land of Louisiana and Texas, of 230,000 square miles (corresponding to area now in maize, wheat, cotton, tobacco, rice and hops), of which not one in ten was yet under the plow or not yet developed.

"I stated that the land is there, the capital abundant, the power of direction simple, all that is needed being intelligent labor, preferably Italian and southern European. Italian peasants, being accustomed to live on fruit and macaroni, would find in this section every variety of the semitropical fruits increasing in abundance and an ample produce of the hard macaroni wheat.

"I also called attention to the fact that the Red river navigation to New Orleans and its affluents offered cheap and quick transportation on the way to Liverpool, that several great systems of railroads were gridironed along this whole section, with ample railway service, and that the school system, from the public kindergarten to the state university, the normal schools, the technical schools and the agricultural schools, was in complete working order.

"I then made this further—to them incredible—statement (can it be sustained?)—to wit, one quarter part of this area of 230,000 square miles never yet touched by the plow, save 55,000 square miles, may be devoted to cotton and wheat, and by intelligent cultivation 6,000,000 bales of cotton may be added to the present crop of the United States at the present rate of product per acre and 300,000,000 bushels of wheat may be added to the present crop of the United States at the average product of this section at the present time, or an increase of about 50 per cent on the present product of the whole country. Whether or not these statements can be justified will presently be proved by the two lines of investigation from England to which I have referred."

The Future of the Telephone.

The bigness of the telephone interests, present and prospective, of the United States is certainly best understood by the engineers, says F. W. Curnin in the November Atlantic. These men of figures and forecasts, whose everyday speech abounds in references to loads, insulations and relays, have, as is well known, magnificent ideas as to the future of the industry they are building up. Already they are basing their estimates of necessary construction upon a probable 20 per cent development within the next two or three decades, a prediction which means in everyday speech that by 1930 or 1935 there should be, if the present rate of expansion continues, one telephone for every five people in the United States, or, as it has been otherwise expressed, a telephone to every other family and as many more in places of business.

Rival to Kentucky's Mammoth Cave.

A cave that may rival the famous Mammoth cave has been discovered near Glasgow Junction, Barren county, in Kentucky, says a Louisville dispatch. One arm has been explored for seven miles. Further progress was stopped by a swift stream. Dr. Hazen and John Thompson, the explorers, are now engaged in building a boat with which to ferry the stream. As soon as this work is complete the search will be prosecuted farther. The cave is described by Dr. Hazen as being of surpassing beauty.

WEEKLY REVIEW OF TRADE.

Reports of Wholesome Conditions Practically Unanimous.

New York, Nov. 11.—R. G. Dunn & Co.'s Weekly Review of Trade says:

Each week brings a stronger business situation. Seasonable weather has removed the last drawback and pressure for shipment of goods is so good in many lines that a partial holiday put deliveries still further behind and caused much inconvenience. Reports of wholesome conditions are now practically unanimous and improvement in collections is noted in many dispatches. Retail trade in wearing apparel and foodstuffs is the feature, while interest is beginning to be shown in holiday goods, of which a large stock was accumulated in anticipation of a record-breaking season. Manufacturing lines constantly establish new high water marks of production, the present output of pig iron being at the rate of more than 2,000,000 tons monthly, and this is one of the best known business barometers.

Washington, Nov. 11.—Christian Hauge, the charge d'affaires of Norway here, whose appointment as minister to this country is announced from Christiania, was secretary of the legation of Norway and Sweden here from 1901 until the outbreak of the recent revolution, when he resigned but remained in this country awaiting instructions from the Norwegian government. Mr. Hauge's home is in Christiania. In May of last year he married an American, Mrs. Frederick Joy of Louisville, Ky. Mr. Hauge, who becomes the first minister of the new separate government, opened the legation here a few days ago.

ON GRAND LARCENY CHARGE.

Northern Pacific Express Cashier at Billings, Mont., Arrested.

Billings, Mont., Nov. 11.—Charles E. Sollin, cashier of the Northern Pacific company's office in this city, was arrested here during the afternoon on the charge of grand larceny. The particular shortage for which Sollin was arrested was the theft of two express packages, each containing \$50, but it is expected that his entire shortage will reach about \$3,400.

Sollin had become infatuated with a woman upon whom he is said to have lavished large sums, far beyond his income.

Sollin is well educated and of good appearance and dress. He was a member of the Episcopal church choir here. His father and family reside in Valley City, N. D., and are said to be prominent people.

Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. PROBABLY HELD FOR RANSOM.

Youthful Heiress Kidnaped From Wisconsin Schoolhouse.

Prairie du Chien, Wis., Nov. 11.—Agnes Pfifer, an orphan, sixteen years old, was kidnaped from the school grounds during recess at the Ryder schoolhouse in the town of Wauzeka, and it is believed is being held for ransom.

Two men seized the girl from among a crowd of children at play, forced her into a closed carriage and drove away at a gallop.

The school teacher saw the affair, but did not report it to the authorities until she dismissed her pupils for the day. The girl is heir to considerable property and it is generally believed that she will be held for ransom.

No clue to her whereabouts has been found.

A Disastrous Calamity.

It is a disastrous calamity, when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs, and cure headache, dizziness, colic, constipation, etc. Guaranteed at H. P. Dunn & Co.'s drug store; 25c.

Fighting for Right of Way.

Vancouver, B. C., Nov. 10.—Five hundred men in the employ of the Canadian Pacific and Vancouver and Eastern railways have been engaged in fighting for supremacy and right of way over a disputed section of land. Picks and shovels were used as weapons and there were several pistol shots, but the provincial police disarmed the combatants before anyone was killed.

A Year of Intense Suffering.

Mrs. Carrie Askey, Cumberland, Wyo., suffered for more than a year with sore throat and a tickling in the throat, that kept her coughing night after night. She used Warner's White Wine of Tar and has not lost a night's sleep since. Write her.

Thought to be in the Last Stages of Consumption.

I have just received the White Wine of Tar. We think there is no medicine like it. It cured me when I was thought to be in the last stages of consumption. I will always recommend it to those that have any disease of the lungs.
